

Securely Manage and Control Assets with Ease

Hubbell's RFID enabled wiring devices allow owners to quickly and easily scan an entire container without having to handle individual cable sets.

The unique RFID technology is incredibly powerful and accurate. As well, it is integral to the wiring device so it can't easily fall off or be removed.

Combined with a software solution, integration into inventory management systems is seamless.

FEATURES

- Industrial duty, molded-in RFID tags
- Retrofittable to existing wiring devices
- Tag is powerful enough to read through full baskets of cable
- Track specific attributes, i.e. color and cable length per asset
- Software package available
- Fixed or portable reader options
- Tags cannot fall off or be easily removed
- Tags are over molded into strain reliefs that can easily be added to existing devices
- Seamlessly integrates data to inventory management programs
- Can be customized to facility requirements
