

# Hubbell tradeSELECT®

## Slide Dimmer

- Slide to Off Activation
- Full Range Dimming
- Decorator Styling
- Energy Saving Control

### FEATURES

- 600 watt 120 volt incandescent
- Thin heat sink design for low profile installation
- Positive air gap to off
- RFI filtering
- 6" - #18 AWG wire leads

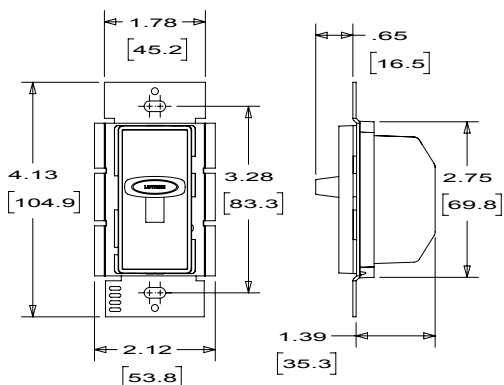

### DIMMER GANGING AND DERATING CHART

- One Dimmer: 600 watts
- Two Dimmers: 500 watts
- Three or more Dimmers: 400 watts

### STANDARDS

- UL and CSA

### DIMENSIONS

Hubbell tradeSELECT® slide dimmers provide the precise control of full range dimming with slide activation. Slide up to brighten, down to dim. A final push downward opens the air gap switch for a positive off. Designed to compliment the decorator look, they are available in white, ivory and light almond.
