DIMMER GANGING AND DERATING CHART

- One Dimmer: 600 watts
- Two Dimmers: 500 watts
- Three or more Dimmers: 400 watts

STANDARDS

- UL and CSA

DIMENSIONS

Hubbell tradeSELECT® preset slide dimmers provide the precise control of full range dimming with an on/off button feature built into the slide. Press on, adjust the slide to change the light level, press off. Featuring an additional 3-way wire lead, this dimmer can be used as either a single pole or 3-way, thereby reducing the need to stock additional units. Designed to compliment the decorator look, they are available in white, ivory and light almond.
