

Power Charging Pedestals *Convenient Charging Stations*

Hubbell's On-the-Go Power Charging pedestals ships ready to install with four 20A 125V tamper-resistant USB Type A and Type C combination duplex receptacles. With $\frac{3}{4}$ inch NPT hub in the base and 36 inch long wire leads accommodate all installations when fed from the floor below. The pedestal can also be mounted and wired over one of Hubbell's flush round floor boxes or single gang rectangular floor boxes.

Our 2 inch by 8 inch wing-shaped aluminum extrusion has a sturdy $\frac{1}{4}$ inch thick aluminum base plate with four pre-drilled counter sunk holes for mounting. Because of its shallow design, the pedestals can be mounted between most back-to-back transportation seating arrangements.

Features

- Combination Type A and Type C USB configuration meets most charging needs
- Heavy-duty stainless steel USB ports are rated for 10,000 cord insertions and removals
- Duplex receptacles include Hubbell's patented tamper-resistant technology allowing the plug to slide in effortlessly
- Back to back 39.79 inch and 34.29 inch receptacle heights will clear backs of transportation seating chairs
- Single circuit pre-wired assembly with 36 inch long #12 AWG wire leads
- Sleek 2 inch by 8 inch powder coated aluminum extrusion design at 52.40 inches tall
- Integral $\frac{3}{4}$ inch conduit hub in base
- Custom branding/graphics available for light kit
- Indoor use only
