

HUBBELL Industrial Connectivity

Micro-Quick® Splitter Connectors and Y Cables

Also Available
in Right Angle

AVAILABLE
2005

Combine Multiple
Sensors into
One Cable

Expand Capacity
of Signal-Plex
Multiports

Features

- Compact body design
- Black, Polyurethane overmold
- O-ring seals, nickel plated brass coupling nuts
- Circuit diagram (splitters)
- Anti-vibration coupling nut

Benefits

- Gangable, fits in tight spaces
- Oil resistant, rugged and sealed for industrial applications
- Suitable for use in washdown environments
- Easily identifiable to reduce debug time
- Reduces intermittent connections

Ratings

Voltage: 300VDC/300VAC
Amperage: 4A per individual output
Enclosure type: UL4, 4X, 12, 13
Certification: UL 2238 and UL50, cUL

*Complete Line of Configurations Available.
